### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

***Allowable Subject Matter***

3. Claims 1-15, 24-36 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Claims 1-15, 24-36 are allowable over the prior art of record because the prior art fails to teach or suggest a computer communications system for providing advice consumers with targeted information without requiring the disclosure of private profile data as recited in the claims and argued by Applicant on August 28, 2006. In the communications system defined by Applicant's claim language, the prior art of record fails to teach or suggest that at least one reader can access included profile information describing advice consumers for whom received information is target, the reader running on a client advice consumer computer, at least one content provider and at least one advice site cannot access any user profile of any client advice consumer computer, and the user profile contains private data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
